

# AM PRO X30

3 BALANCED-ARMATURE DRIVERS

## PROFESSIONAL IN-EAR MUSICIANS' MONITORS WITH PASSIVE AMBIENCE

### Hearing is everything to a musician.

Using in-ear monitors on stage in a worship setting can often mean long periods of time between songs you are playing. While your waiting you may want to hear what the minister is saying or have a brief discussion with a fellow musicians about the next song. With the Westone Audio® AM Pro X 30 you no longer need to remove your in-ear monitors between songs and can expect exceptional sound while still being able to hear the world around you.

Let the world in...and set the stage for the best performance of your life!

3
